

Diagram illustrating a 1D lattice structure with a central site labeled **Ua1**. The lattice is surrounded by four neighboring sites: **Qc3** (top), **Tb2** (left), **Ua2** (right), and **Ua3** (bottom).

The map displays a power distribution network. Key features include:

- Regions:** Labeled 'Eg' (top left and bottom left) and 'Má' (top right).
- High Voltage Lines:** 20kV lines are shown as thick grey lines. One line is labeled '0245/9' and another '0247'.
